HOW TO RESET JH08

1. Take the TF card out from JH08 device.
2. Insert the TF card in a card reader.
3. Connect the card reader to the PC.
4. Create an empty TXT file named “reset” and save it in the TF card.

5. Disconnect the card reader from the PC and Insert the TF card in JH08 device again.

6. Restart the camera by connecting the main power. (Please restart it again after first restart successfully, twice restarting needed before reinstallation.)
